TESTIMONIALS

"We couldn't be happier with the work that Kristin completed for our home in Snowmass. She was so skilled at helping us create a look that is exactly our style but with incredible and beautiful design. They were always available and kept us "in the loop" during the entire process. She is a joy to work with and we highly recommend Kristin and her entire team at KDD. LOVED working with them."

-Gregg (Client)

"Working with Kristin and team was just awesome on our condo. What I appreciated so much was how they worked with us to marry their design expertise and vision to a style that we had in mind. They took what we wanted to an entirely new aesthetic level using wallpaper, wood, lighting, tiles and different textures to create a warm and elegant space that feels like home (without the chaos!)."

-Oakleigh (Client)
